Seven golden guidelines to create a safe learning environment

Creating a safe and inclusive learning environment is an ongoing process. By implementing these guidelines, you can foster open communication, a sense of belonging and collective learning:

1. Set clear expectations

Clearly communicate your expectations and routines from the beginning. Ensure that students understand what behaviour is acceptable and what is not. Encourage them to participate in creating these expectations, promoting a sense of ownership and responsibility.

2. Build trust

Establish a trustworthy and secure environment by emphasising that anything shared within the group should remain confidential. Encourage students to make their own decisions about sharing personal experiences and respect their individual levels of comfort.

3. Foster active listening

Emphasise the importance of truly listening and understanding. Foster an environment where students feel free to express themselves without fear of judgment or criticism and discourage interruptions. Strengthen active listening skills by teaching non-verbal cues and using prompts.

4. Encourage empathy

Encourage students to consider the feelings and experiences of others and to respond with kindness, acceptance and understanding, even when perspectives differ from their own. Foster an inclusive and respectful environment where empathy is valued and embraced as an essential aspect of communication and mutual understanding.

5. Be a role model

Lead by example and embody the behaviour you expect from your students. Treat all students with respect, fairness and kindness, and appreciate their diverse backgrounds, individual strengths and contributions. Ensure the safety and well-being of all students by promptly and decisively addressing any form of harassment or discrimination. Reflect on mistakes and offer apologies when necessary.

6. Adapt the pace and intensity

Recognise when emotions escalate and become overwhelming, adjusting the pace or intensity of the activity as necessary. For example, implement the "five-minute rule", where each student can express their controversial view in a respectful manner, or offer a short break for students to journal and reflect on their emotions, enabling them to regulate their feelings.

7. Follow up and check-in

Encourage students to reflect on the impact of the experience on themselves as well as the group. Provide individual or group follow-up and inquire about the well-being of students. Offer the opportunity for further discussion or support if needed. If you believe that the emotional intensity or well-being of the students exceeds your expertise, do not hesitate to seek advice from a student advisor, mental health professional or the appropriate support services provided by your institution.
